Bolded dates indicate SAC/SAF and PTSA meetings on the same date.

SAC- The School Advisory Council studies our school's track record and comes up with an annual plan to improve education in vital areas, such as student achievement, curriculum, safety, and discipline.

SAF- The School Advisory Forum acts as a proactive group that addresses various educational issues. Their ideas and concerns are forwarded to both area and district advisories that meet regularly with key staff and the Superintendent. Upcoming District initiatives and important information are also relayed to our school via the SAF.

PTSA- The Parent Teacher Student Association is connected to the District, state and national PTA. It is an important advocacy group for children's education issues. Our PTSA works to support and advance school improvement. In addition, PTSA contains a structure where concerns and issues are discussed at the school and district level and with the Superintendent.

Past meeting topics have included: BRACE and Butler College Financial Information, Anti-Bullying, Department and School-wide Updates, Drugs, FCAT, the Freshmen Academy, Gangs, Internet Safety, Pinnacle, the School Improvement Plan, Technology, and Virtual Counselor
